For those that have reviewed and commented on Section 6, thank you!

For others who have not yet had an opportunity to review and comment, please accept this reminder. As always, we are seeking comments from each of you as members of the Core Team.

Best Regards,

LFT

Hope this finds you all well and enjoying the holidays! While I expect many of you are enjoying time away, I wanted this to be ready for you when you return!

First and foremost, thank you to those who submitted comments on Section 5! We are almost through all the individual sections and the end is in sight for the first phase of this project. I know it has taken much longer than we all anticipated and we appreciate your commitment to completing the Plan.

Section 6, **Improvement Area - Claims** is attached. As this is a product of the Core Team, we want and need *everyone's* input! **If you would, please review and return with your tracked comments/suggested revisions by Friday, January 14, 2022.** As mentioned previously, as each section is reviewed and suggested revisions are submitted, the revised sections will again be shared with the Core Team. To that end, revised Sections 1-5 are also attached. Additional comments are welcome! Also, if I did not accurately capture an item or a suggested revision, please let me know. While you review this final improvement area, I will be combining all the sections into

one document - the Plan. As you know, the Core Team will have an opportunity to review the Plan in its entirety prior to finalization. We also plan to host one final meeting of the Core Team prior submission to the AAPCO Board.

As always, if you have any questions or concerns, please do not hesitate to contact Megan or me.

Thank you and we look forward to your feedback!
